Easy Way To Recycle Cartridges

There’s an easy way to recycle used or new un-needed toner cartridges. Supply Chain Management’s Logistics team picks up the cartridges with your outgoing mail. There’s no charge to your department.

It’s simple:

• Leave your boxed used toner cartridges with your outgoing mail.
• Logistics staff mail carriers pick them up with your outgoing mail.
• The cartridges are brought to a UCSF warehouse where they are responsibly recycled.

Note: When your used cartridges have a UPS return label on them, have those boxed cartridges picked up by UPS.

For more information or questions, please email logistics@ucsf.edu

Thank you for your understanding and cooperation!
